

**Chunk 1:**

Novadrive Automotive (Pvt) Ltd is a next-generation automotive solutions company specializing in vehicle innovation, electric mobility, and intelligent automotive systems. The company integrates advanced technology into vehicle manufacturing, maintenance, and digital mobility services, with a vision to drive smarter, safer, and greener mobility.

**Chunk 2:**

Its mission is to create innovative, sustainable, and intelligent vehicles and technologies that deliver value to customers while contributing to a cleaner planet. Guided by core values of innovation, sustainability, integrity, and customer-centricity, Novadrive operates through divisions including Vehicle Manufacturing, Smart Mobility, After-Sales & Service, and Research & Innovation.

**Chunk 3:**

The company focuses on electric and hybrid vehicles, digital platforms for connectivity and fleet management, AI and IoT technologies, and autonomous systems. Key products and services include electric cars, hybrid vehicles, advanced diagnostics, fleet management solutions, roadside assistance, smart mobility apps, and sustainable charging infrastructure.

**Chunk 4:**

Novadrive emphasizes AI for automation and predictive maintenance, IoT for connected vehicle ecosystems, data analytics for real-time insights, and renewable energy integration. Sustainability initiatives include recyclable vehicle materials, solar-powered charging stations, and carbon-neutral manufacturing by 2030.

**Chunk 5:**

The company provides personalized customer support via digital platforms, chatbots, and in-person centers through the Novadrive Connect App. Its CSR activities promote green mobility awareness, vocational training for young engineers, and partnerships with universities and research institutes. Headquarters are in Colombo, Sri Lanka.
